

## LETTER TO EDUCATORS

Dear School Administrator/Educators,

This letter is to acquaint you with Contra Costa Children's Chorus. Since 1984, CCCC has been recognized nationally and internationally as a professional non-profit organization that specializes in providing proper vocal training in a positive atmosphere. Over 250 girls and boys ages 5-17 of varying ability rehearse weekly in 7 different chorus levels.

These fine students of music represent over 40 schools in Contra Costa County. We are proud to be able to provide them with high quality experiences in all aspects of music education, such as foreign languages, choreography, performance skills, self-discipline, good work habits and confidence, that carry over to school and their future endeavors. The educational experience that students receive from us meets or exceeds the California Academic Content Standards, as found on the web at: <http://www.cde.ca.gov/be/st/ss/mumain.asp>

As a chorus founded by former public school educators, we realize the importance of the student's academic schooling and attendance. We also realize the importance of their involvement in fine, creative and performing arts that produces a well-rounded person. Every effort is made to schedule our performances so there is a minimum of school time missed. Many schools recognize this as independent study.

Attached is a permission slip with a date your student, \_\_\_\_\_, will be participating in a Contra Costa Children's Chorus performance. The parents have given their permission for the student to participate in these activities. We hope you will support your student by giving him/her work ahead of time or allowing them to make it up.

We all have the same goals to educate children. Thank you for your consideration.

Sincerely,

Chorus Manager
